INTRODUCTION

Every month in *The Southern Cross*, the official publication of the Archdiocese of Adelaide, we feature stories of people doing great work for

the Catholic Church in the areas of social justice, community welfare, education and Church ministries.

To further highlight the breadth and diversity of the Catholic Church, this directory has brought together in one easy-to-use guide the many archdiocesan and diocesan agencies, parishes, schools and Catholic-inspired organisations operating in South Australia today.

It is intended to be a useful guide for Church volunteers and workers, and for those people requiring assistance in finding a Mass centre, a school and a community, health or aged care service.

We are extremely grateful for the support received from key agencies and our major Catholic institutions.

The free guide will be distributed widely through parishes, schools, hospitals, aged care providers and advertisers.

I hope you find it a useful tool for you in 2015-16.

STRATEGY FOR LEADING CATHOLIC EDUCATION TO NEW LEVELS OF EXCELLENCE

Catholic Education SA is committed to maintaining excellence in its provision of education to students and their families. This commitment presents Catholic Education with the challenge to develop new structures and systems to meet significant challenges facing the wider South Australian society and economy.

The goal of the Strategy for Leading Catholic Education to New Levels of Excellence is to strengthen and transform Catholic Education as a living expression of the presence of the Catholic faith in the partnership of schools with families to create opportunities for encouraging life to the full in all its personal, spiritual, ecological and cultural dimensions.

The Strategy is based on two fundamental principles that define the key initiatives and actions that Catholic Education in South Australia will use to achieve the goal of the Strategy:

- Catholic Education seeks to be an option of first preference for Catholic families along with all families from the full range of backgrounds in our community who seek a Catholic education for their children.
- Catholic Education in South Australia operates as a system of schools and early years services working in partnership for the common good.

HEALTH AND AGED CARE SERVICES – SA

South Australia is blessed with an extensive network of Catholic health and aged care services which date back to the 1860s when Mary MacKillop and the Sisters of St Joseph began their work with the most marginalised and needy in the community.

Since 2010 the works of the Sisters in residential and community care – carried out at Cowandilla, Tappeiner Court Kensington, St Catherine's Berri and Ain Karim at Enfield – have been combined under the company, Mary MacKillop Care SA Limited.

Many other Religious orders have played a significant role in the development of the State's Catholic health and aged care services, with strong support from the Archdiocese.

In the health sector, Calvary operates four hospitals in Adelaide and also provides Calvary Community Care home-based services. Australia-wide, the charitable Catholic not-for-profit organisation has more than 11,000 staff and volunteers, 15 public and private hospitals, 14 retirement and aged care facilities, and 22 community care centres.

Established in Sydney in 1885, by the arrival of the Sisters of the Little Company of Mary in Australia, Calvary's mission is to provide health care to the most vulnerable, including those reaching the end of their life. It provides aged and community care, acute and sub-acute health care, specialist palliative care and comprehensive care for people in the final year of their life.

Southern Cross Care (SA & NT) has a long and proud history in providing retirement and aged care services throughout South Australia and the Northern Territory.

The organisation was founded by the Knights of the Southern Cross, an order of Catholic laymen committed to promoting the Christian way of life throughout Australia.

For over four decades, it has continued to expand to meet the growing demands of an ageing population. Southern Cross Care now operates 53 sites across South Australia and the Northern Territory.

CONNECTED LIVING

Southern Cross Care is totally committed to supporting connected living through healthy and active ageing for every person.

Established in 1968, we are a non-profit organisation, which is all about people. The core values Care, Communication, Creativity and Teamwork are at the heart of our work. For us, every person and their quality of life matters.

Our **residential care** centres provide the highest quality support and facilities for our residents. We also offer extensive **home support services, respite care and well-being services**. Our retirement villas, apartments and units are all designed to offer the very best in **retirement living**.

Please call us on **1800 180 781**

Connected Living

We know that as a retiree, you want to live well after you have finished working; you should be able to spend your time how you want.

Our retirement properties are designed for retirees or those over 55 years that are able to live independently. Living at one of our sites means you enjoy all the normal aspects of living in your own home, without the burdens of home and garden maintenance that are required at a standard residential property. And when you need that extra support, our Home Support Services can offer you domestic assistance such as cleaning, laundry or meal preparation, transport to appointments or shopping, personal assistance and physiotherapy to name a few! We can help you plan along the way to stay healthy, active and independent for as long as you want.

Our residents Barbara and Kathy are living proof it just takes one step to get up and be motivated to stay healthy, fit and active. Barbara has been challenging herself to get fit since the gym officially opened in 2013 and she now encourages everyone to give it a go. But how many milestones have you personally looked back on and reflected your position in life? What about your own health and fitness?

For someone like Kathy, reflection brings many memories and moments of joy. From her first kiss, job, and plane flight, to learning to ride a bike and so on. Kathy now spends three to four days a week at Riverpoint's gym and has shed eight kilograms as a result. Her doctor is impressed with her health improvements and she says she has much more energy and is sleeping like a baby at night. It has also provided the incentive to go shopping for new clothes to match her new dress size!

The ladies are a joy to have in and around the Riverpoint Village. They enjoy the company of the many friends they have made.

These SPLASH units are usually offered in intensive mode over the course of a few days midweek or on weekends.

This course is specifically designed to equip its graduates with the knowledge and skills base required to lead the Catholic identity, mission and ethos of their respective organisations with confidence and assurance.

Our recently established Institute for Religion and Critical Enquiry provides a vibrant hub for higher degree research and across any of our designated research focus areas: Biblical Studies and Early Christianity; Contemporary Catholic Thought including Interreligious Dialogue; Moral Philosophy and Applied Ethics, and the Philosophy of Religion.
