

Journeys of Faith

\$20

\$25 (posted)

This glossy, full colour book is about Catholic migrants from around the world who came to Australia in search of a better life. From their childhoods abroad to adapting to life in a strange new land, these moving stories make compelling reading. Some came from war-torn Europe, others from regions of conflict and oppression in Africa, Asia and South America. All had one thing in common – an unshakeable faith in God.
